Page 4

**E-mail Transmission**

**July 13th, 1999**

**Curitiba, July 13th, 1999.**

**Dear Friends, (to Rev. Nazirmoreh)**

Since a long time ago, there are people who dream with a better world. Isolated dreams that never go through the onirical world to become reality. Some of these dreams reached just the paper, becoming books, theories, projects, etc... Some people went further and found out that force is multiplied when a lot of people get together to a common objective. These pioneers were the ones who had the courage to get ready to work... to start ! The first seeds already grew, became a plant and now, to keep the specie growing, spread new seeds. The Internet is filled of them.

By your homepage on the Internet, we met your association and we would like to advertise it for all people of Portuguese language and, in the future, to those people of Spanish language. It is really important that dreamers realize that their dreams aren't crazy moments. They are applicable! The global moment demands that these dreams get unified and realized.

The Pinha-Pinhão Project was created to be a spreader of ideas and a convergence point of people that are tuned with these thoughts. For that, we came by this letter, to ask the authorization to translate your homepages on the Internet to the Portuguese, and the advertisement of them, using the Pinha-Pinhão Project homepage as the start line.

Your cooperation, as suggestions and critics are welcome, not only that, but, they will be fundamental to the total execution of this project.

**We already thank you for the attention.**

Please do translate the information – you have the Reverend's authorization and appreciation. There is more information available via the Purple Veil newsletters. If you would like copies of this information, please forward mailing address that they may be sent to you (for translation as well).

**Inquiry = To whom it may concern,  
I have a few questions.**

- 1. How many places of 'worship' do you have in New Orleans?**
- 2. What do you believe in?**
- 3. How many followers do you have in the city of New Orleans?**
- 4. Are you considered a cult?**
- 5. What is so "wonderful" about this 'religion'?????????**
- 6. How did New Age get started??**

**Sincerely,  
Fred**

**Reverend Nazirmoreh (A.B.R.D.)  
March 20, 1999**

**Peace be with you Fred,**

**Have received your communications, you questions and your concerns.**

- 1. There are many, many places of worship in New Orleans. Many paths, one goal – many names, One Divine Creator.**
- 2. We have knowledge/knowing that the breath of life was breathed within the body of man/woman, all existence and all became living being, and That breath is The Divine Essence of all that is, was and ever shall be, and all existence is one with that breath, with that life. However, some do not know that and they live the bitter, the sweet – the wisdom, the woe; to experience and to become aware of that union, that knowledge, that we are all one with That Essence. We are all brothers and sisters and related to each other in that breath, in the Life, That Divine Essence, That Creative Essence, The Creator. Love one another.**

3. There are many, many servers, aware ones without number, of the knowing and to become aware in time of the knowing, the realization that we are all one in Truth, in Light, in Love as stated above.

4. Some may consider us a cult according to their ignorance, their lack of knowledge, not even knowing what a cult is or what the word means in informed knowledge or information. We strive to love one another as has been transmitted to us throughout the ages. We will not crucify.

We are a mystic order, steadfast in our appearance, beliefs and customs – which leads some to call us a “cult” or something else which has a negative connotation. However if one would look up the definition of cult, one would see that those very people who are calling others a cult are most likely members of a cult themselves; according to the definition of that word, (namely any religious group you may know or collective group of people working toward the same goals.) So may we all look at all things with eyes of Truth, Light and Love.

5. It is an effort – a way of life. The effort is toward consciousness expansion, further spiritual development throughout all existence. You get what you are – you get what you pay for. What you are is the plane of consciousness you’re traveling on – your degree of awareness. You attract into your life or you are attracted to in your life according to your plane of consciousness, your awareness, your experiential need, to learn, to grow – physically, mentally and spiritually, The pay is the effort you put into utilizing the information gained through experience that is conducive to that growth, to that expansion, to that development, to that awakening, to that return to the Divine from whence we all came forth from. Breath of life breathed within the body of all existence. We are One. Love one another. Everyone wants to go to heaven – no one wants to die to get there. Crucifixion, resurrection ascension – beauty is in the eye of the beholder.

6. There is nothing new under the sun or above, all is One. Ages and things appear to be new according to the period of time or dimension you’re traveling in and according to your consciousness limitations, your experience, your knowledge, your ignorance – lack of knowledge, your conditioning and programming. What appears to be new to some is old to others. New could be ancient and ancient could be new. We’re on a spiralic journey. All came forth from beginningless time. We are on an infinite journey.

Dear Nahziryah Monastic Community:

I had email the Rev. Nazirmoreh (ABRD) sometime last week requesting some information about your community. Unfortunately I have not heard from him and am looking forward to finding out more about your community. However, I am under some time constraints regarding the information that I need. My paper over the interview is due on Tuesday October 30th, however I have received an extension until Friday. I would appreciate it if the Rev. Nazirmoreh (ABRD) could respond to me before then. If he can not, please let me know and we will try to find some other way to communicate.

Sincerely,

**Subject:** I want to learn more

Dear Rev. Nazirmoreh K. B. Kedem:

I am taking a New American Religion's course at Southwest Missouri State University in Springfield Missouri and we are obligated to do a large in-depth report about a new religion or group that we have found. I ran into your group at the Hollister Grape and Fall Festival and was very interested in learning more about your Monastic community. I have done some research on your group through the website and was wondering if you wouldn't mind to answer some questions. If you do not wish to communicate with me, I would appreciate you letting me know, I completely understand and do not wish to offend you or your community in any way. The following are a few things I am interested in finding out about your religion:

1. How long have you been involved with this particular group?

*I've been involved with this particular group and soul matrix and all existence since beginningless time.*

2. What type of religion do you most closely associate your group with? For example, Hindu, Buddhism, etc.

*From the sight of the Divine Creative Essence of all Existence and those that know - All are One. Different levels. Different degrees of awareness. Different experiential needs - however, All are One. All are directed to the Union of the One. Many paths, One goal; Many names, One Divine Creator - Creative Essence of All that is, was and ever shall be.*

3. Why have you chosen to be a part of this group? *For I have been chosen.*

How large is your local chapter? *All existence is without number. We are beyond the limitation of that which would be understood or considered as local.*

4. Why did you all move from New Orleans? *To return to the truly Monastic way of life - as lived previously - before the journey to New Orleans, the service in New Orleans.*

How did your group get started in 1988?

*The community, the life was started eons before the year of 1988... since beginningless time. We are on an infinite journey. The date you referred to is the date the Veil of Truth Omniversity opened in New Orleans - THAT was in NEW ORLEANS.*

5. What is the "Veil of Truth" and how is that related to the "Purple Veil?"

*The "Veil of Truth" is the garment of Truth, the living of truth as is the Cloak of Wisdom - the living of Truth, Light, and Love, Wisdom, Knowledge, and Understanding - to the best of our ability to do so, during this involutionary, cyclic, experiential journey for the service of, the expression of, the projection of the consciousness expansion and further spiritual development of all existence. Physical, mental, spiritual well-being of all beings. Peace, Love, Love, Love - May Peace Prevail on Earth - we*

*pray. The "Purple Veil" is One in the effort, the assistance, the means to accomplishing.*

6. Give me a few examples of practices or rituals that you follow on a daily basis. (For example: meditation, chanting, etc.)

*Meditation/ Prayer 24 hours a day, 365 days a year. Live the life - we will know the love. As below - so above. You get what you are, you get what you pay for. What you are is the plane of consciousness you are traveling on, your degree of awareness. You get according to your experiential need, that which you need to learn and know, to become a better and more loving being during your walk on this earth. The pay is the effort you put into utilizing, applying the information that you have received through experience, through living, through the bitter - the sweet, the wisdom - the woe, the love, the joy, the happiness - - - we learn and we grow.*

7. Were you a member of a previous group before starting this group, if so, why did you leave?

*As stated before - All are One. There is no coming or going. There is just living and knowing and growing through that knowing. Life experience.*

8. Did you start this group? If not, who did and why.

*This group was started and created as was I and all existence by the Divine Creative Essence of All Existence, of all being; for a purpose, for a reason. Live life. Consciousness expansion, further spiritual development, Union with the Essence, the Love. As above, so below.*

9. What oppositions have you faced from others who disapprove of your religious choices?

*I have had no problems with disapprovals. I have had experiences with those not knowing. However, this is no opposition - this is just unknowing.*

10. What do you feel you have gained through this faith?

*Through this life I have proceeded forward in my journey toward the union, with the support of the collective effort of those that know.*

11. What do you wish the general public knew about your group?

*I have no wishes in that area. We live the life and serve those that have the ears to hear, the eyes to see.*

12. Where do you think your group is currently headed? What do you see as the most exciting activities or developments within it?

*We live the life to know the love. We've just planted some beautiful potatoes & garlic to over-winter and are looking forward to a beautiful harvest come summer! (along with the spring planted garden)*

13. Do you worship or follow a certain God or Deity?

*The Divine Creative Essence of All Existence - of all that is, that was, that ever shall be. All is One.*

14. What are the most significant ways in which your religion differs from traditional Judeo-Christian beliefs?

*In no way in the knowing. The Truth, the Light, the Love - as above.*

Peace be with you our Sister and All,

Thank you very much for your questions. Perhaps the answers will be of some value to you.

68. Prophecy given Raymond Aguilera on the 28 May 1992 Thursday at 2:15 AM. in tongues, Spanish, English, non-understandable tongues.

Spanish:

Seed, seed...

non-understandable tongues?

Spanish:

Seed, seed..

non-understandable tongues?

Jesus.

English:

I want you to listen, to discern, to judge, to judge and dissect every Prophecy. To dissect and discern every Prophecy, for the Word of God Jehovah is Truth, Righteous without Fault. It is the Word of God. Prophecy is not a thing you play with, for your amusement, for your own self Gratification. It is not new Age. It is not looking for signs in crystals. It's not trying to solve Man's problems by reading and studying positive thinking, the nature of man.

All these are little distractions from the Truth and the only Truth, the Word of Jehovah, God. For all these associations, schools of thought on what is right, and what is wrong, and all the terms, and the meaning of the terms, they are hogwash. For when the day comes that you are facing, without knowing you are facing it, the day of Judgment, you will know that you trusted the wrong god. For the God of the Universe, of everything that is, and was, and will be, is Jehovah, with his Son Jesus Christ of Nazareth, and the Holy Spirit.

Remember these things, positive thinking will find you Gehenna, remember that. Remember that word, for I'll tell you, once you find that place, all the positive thinking, all the theorems of life, everything in new age are wrapped up in that word: Gehenna. You will not find peace. You will not find anything, but the grinding and gnashing of teeth for eternity.

So, this is the firm warning from Jehovah God, the Creator of the Universe, Creator of Mankind. If you allow the devil to deceive you, you deserve to live with him. For I warned you, I loved you, and you turned your back on Me; and walked to the idols; to the stone idols; to the idols of the false word; to the idols of the false prophets; to the idols of the world; to the idol of everything that is blasphemous to the Name of Jehovah. For Jehovah will not allow His Name to be blasphemed in any manner shape or form. For all that is Good, that is Righteous, that is, and will be, and has been, and will always be, is your God, Jesus, the Holy Spirit, and Me, the Father.

For when you play with the devil you live with the devil. I will have no mercy, I will have no mercy of any kind for those with the Mark of the Beast. I will have no mercy on you crystal watchers, you that look to the signs in the sky, you astrologers. See if those signs in the Sky, the setting of the Moon, and the Sun will save you from My Wrath.

I am speaking to you firmly as a Father for what I say will be done, for no man, no astrologer, no positive thinking, no crystal, nothing that you idolize, whether its a car, or boat, or a house, or a job, or a wife, or a son, none of these things will save you. The only Salvation you have is Jesus Christ of Nazareth, My Only Begotten Son.

He has Authority, Absolute Authority, over mankind. Every Knee, every Tongue will Bow and Confess and acknowledge Jesus Christ of Nazareth, King of Kings, Lord of Lords and that's all there is to it. There is no Maybes, there is no I didn't know, there is no I am sorry, for at that date and at that moment you're destined to go wherever My Son so wills it.

So whatever Blasphemes against the Father, Blasphemes against the Son and the Holy Spirit and that will not be allowed in any manner, shape, or form. You evildoers will get evil for evil and it doesn't matter your job title, your education, your background, the color of your skin, nothing matters, but what's in your heart. And how you behave when it comes to the worship of the true God, Jesus Christ, the Holy Spirit and Me, your Father.

I am not going to tell you nicely. I am not going to tell you pretty Words. I am not going to tell you that everything will be the way you want it, because you want it. Because it will be the way I want it, and that's the truth, the whole truth, and nothing but the truth. For your God is Truth. He is Love, He is Righteous. If you Repent and you mean your repentance and if you Repent with your whole Soul and Mind, and turn to Me, right now this second, I will forgive anything and everything that you have ever done, from the time that you were conceived.

For I want total obedience to My Son, total Love. All the Praises and all the Glory goes to the Father, to the Son, to the Holy Spirit. Your idols are of no value except they find you the Valley of Death forever, the Pit. (non-understandable tongues?)

So remember what I said, you tall ones, you short ones, you fat ones, you skinny ones, you male and female. I am watching you very closely, every second of everyday My Eyes are there with Love and Compassion. But don't let the Eyes of Love and Compassion fool you, for if you remember, the Wrath of God is something you don't play with.

Listen to the Prophets that say turn to Jesus, turn to Jehovah, turn to the Holy Spirit, they are the Prophets that I sent to inform you, the Truth and what is Righteous. For they are the answer to your new age Religion. For your new age religion means nothing, it is the Church of Satan. And Satan is about to be chained and thrown into Gehenna. If you like to be among friends, don't repent and join your friends, the leaders of your Church in Gehenna. Gehenna is the place of everlasting pain, but remember, I sound harsh, I sound mean, but you always have a chance with Me.

Repent and love your neighbor, give all the Glory and Praise to Jehovah, Jesus Christ and the Holy Spirit. It is very simple, but I read the heart, not the lip, the lip will find you the Pit. Because those who speak with forked tongue will find the Pit, for you cannot fool God, Jehovah. You cannot hide from Jehovah.

For there is nothing in this Universe that was not made without My Spoken Word. It's hard for you to understand, but it's the truth, if you lucky ones get to Heaven, We'll talk about it there. And We'll sing, and We'll dance, and We'll really get to know each other, but it's a decision that you have to make on your own. I am not going to persuade you to the right or the left. I'll warn you, I'll send My Prophets, and I'll wait, the decision is yours. For I am the God of everlasting life, with My Son, Jesus Christ, and the Holy Spirit. May Peace and Love of thy neighbor grow in your heart forever. My Children, I say all this with love and affection for I know your heart. Farewell, My Children. Farewell My New Christians. I love you.

**Peace be with you Raymond Aguilera; If that be your name,**

Received the message. I pray to the Creator of all existence – the Divine Essence of all that is, was and ever shall be – Jehovah, Yehowah, Yahweh, Yeshua ha Mashuk (Christ Jesus of Nazareth), Ha Quadish Rhuack (The Holy Spirit), and all the Prophets, Saints and Servers, for you. For it seems that you have not totally understood the messages and have somewhat confused it, and have become confused by it... as to who you should direct it to as well. You have a lot of work to do and only you can do it; with the thought, the love, the assistance, the directions, the following of the directions with preciseness, with precision, with holy divine loving compassionate, gracious effort. Do the work for the work's sake — and not with the thought of the sufferings, pain and punishments of others – but with the loving thought; which the Creator is Love. Yeshua Ha Mashuk is Love. Quadish Rhuack is Love. All is Love if we but open our hearts to it – receive it, live our life according to it – in truth, in light, in love, in wisdom, in knowledge, in understanding... that all of the Creator's children may return to the heavenly abode – return to the Father, to the Son, to the Holy Ghost. As above, so below.

You do not know who I am, who we are, and our relationships to and service toward the union of all existence, to the Father, the Son, the Holy Ghost – consciousness expansion, further spiritual development, union, awakening, service, sincere effort toward that attainment, that realization, that oneness. Crucifixion, resurrection, ascension. I come riding upon a cloud and they that are as I am at my coming shall recognize me. Open your eyes and recognize. We do not carry the mark of the beast, we do not blaspheme the name of Yehowah, of Yeshua, of the Quadish Rhuak. We do not play with the Devil or serve the Devil other than the effort to assist the Devil to return to its Creator, its Father, its original home / abode before the going astray, the fall – Yehowah - the Divine Essence of all existence, all beings great, small.

The Creator Loves us all and calls for our return. All shall return that will in Love, through Love. That Love that dwells within the inmost depths of all beings. The Original state.

The Creator is Love – the Creator and sustainer of all that is, was and ever shall be. All things came forth from the Creator – all names, people, places, things, religions; all things. A person believes according to his degree of awareness – the plane of consciousness he's traveling on. He gets what he is. He attracts according to that degree of awareness. He understands, he believes, he lives according to that level, according to that degree, according to that awareness, education, information, acceptance and belief in information – according to his level, according to his capacity, according to information received, understood, lived, utilized; that would be conducive to further expansion.

As stated, the Creator is Love. And we have love, we have the Creator imbedded within our hearts, within our being. Breath of Life breathed within the body of man/woman/all existence. We feel. We sense. We glimpse love from directions Love comes forth from, that is attuned to the Love within the inmost depths of our being – Creator, the Sustainer of Love. Unfortunately for us all, fellow travelers seeking enlightenment, fulfillment, union, seeking the entrance and entering into the heavenly abode – there is no absolute truth on this plane of existence... in this mundane, physical, material plane of limitation. We strug-

gle, we strive, we put effort into the attainment. We put effort into living according to love. We try to live above hate, fear, robbing, killing, stealing, that which is detrimental to our fellow travelers, trying to do that which is helpful and loving and assisting, supporting – if we have reached that degree, that state, that level of understanding of acceptance of the need to Love within our existence, our actions, our thoughts, our words, our deeds. The Creator reaches out to us with Love and we should extend that Love to others.

As stated before, you believe according to your degree of awareness, your education, your conditioning, your programming, your experiences and how you were affected by those experiences. Some believe according to knowledge gained through information, education. Some believe according to the lack of knowledge limited by the lack of information. However, we all live according to the area, the level, the environment, the teaching, the education, the information, the surroundings that we are traveling in, the thought atmosphere, to the best of our ability. And with the grace of the Creator, and the effort and faith, we live in love, we will draw nearer and nearer to the Love that is the Creator, that dwells within our being... that Breath, that Life, Truth, Light, Love, Wisdom, Knowledge, Understanding. Love one another and all will be fulfilled.

Jesus was not a liar. The Creator is not a liar. We live in a world of confusion, a world of mis-information, contradictions, true, not-true, real, false, sickness, pain, death, hate, envy, strife. This is a crazy world. However, we live in it, according to our degree, our ability, our effort to rise above the world, the confusion, the contradictions, the mis-information, the ignorance (not-knowing), the hate. Love one another. This is a means. Faith with works. I come riding upon a cloud and they that are as I am at my coming shall recognize me. We bear the cross – crucifixion, resurrection, ascension. The Law is Love. And they that worship, worship in truth and in Love according to their understanding – - - and Love will grow and expand, expand and grow.

We strive to serve in Love. We understand that the Creator is Love. Love transcends language, nationality, race, country, titles. The Creator is truly above name, nationality, religions, beliefs and their limitations.

However, we live according to the name, nationality, religion, belief, limitation, in our effort to return to the One of All in Love. We understand that the Creator is not a contradiction, or in contradiction. However the world is in contradiction, distraction, ignorance and we are in it and we strive to rise above it through love and service to our fellow brothers and sisters traveling in this limitation, distraction. To grow, to love – this is our effort, this is our struggle to realize the truth.

Peace be with you. I can only speak to someone according to their degree, their understanding, their information, their education, and be understood and accepted. We love you very much and give thanks for prophecy received and transmitted, the information, projection, understanding according to your degree, your level, your being.

No offense taken. We love.

I would like to know what is true detachment, and should one detach to the point of hurting oneself.

#2-what is true charity. when a beggar ask for some coins does one truly help that person by simply supplying them with spare change, and how can we truly help and serve such persons in need.

We thank Nazirmoreh, Om!!!

Peace be with you Tajh,

DETACHMENT is painful due to attachment. It is directed toward transcending attachment and going beyond the pain and the suffering due to attachment. There is a pain, a suffering involved in the effort, through the withdrawal and the energies directed to one by that within one and others that does not want to be detached from. You detach according to your experiential need toward your consciousness expansion and further spiritual development. Your degree of awareness, your inner sight, the effort towards expansion, development is truly an effort - a strain, a discomfort, a pain. Talk does not cook the rice. Everyone wants to go to heaven but no one wants to die to get there. You have to transcend if you truly want to.

TRUE CHARITY, COMPASSION. At times it is of a higher awareness or true concern, charity and compassion not to give that beggar a coin or some change, due to the inner sight - if one has the sight- that that beggar is stunted, distracted, crystallized, programmed & conditioned toward undevelopment due to their programmed, conditioned

state of dependence upon others to give me something and the ability, the thought of effort toward transcending that conditioned, programmed, dependant state is not supported and maintained by the thoughtless giver. It would be at times of more assistance given through wise words of support of the higher spiritual values), words of true wisdom, knowledge and understanding of higher attainments. Some are karmic effects of efforts not made; efforts not energized in directions conducive to higher attainment & advancement. You get what you are- you get what you pay for. The pay is the effort that you put into transcending, evolving, expanding, developing beyond your mundane physical, material, programmed, conditioned distractions, attachments, according to your degree, your experiential need. However, assist in truth, light, love on whatever level & whatever degree- according to your perceptions, your awareness. Do the work, the service, for the work - the service sake... not the reward. Not recognition, acceptance, pay or honors. Peace be with you.

Help, serve, assist according to your true ability to do so - not beyond. Not through glamour or performance.

This is brother Usamah out here in the hills of the west. I am very blessed to be back in touch with such a spiritual master as yourself. In this time i strived to maintain my focus on spiritual matters, however Islam is not my main focus and i have been involved in the Yoruba tradition, which gave been a broader approach to spirit. I have been reading the materials you sent and was very pleased to receive them. In a short time due, expect some form of donation. With all the effort and work going on with the community i wish to contribute in some sort of way on this end, however in the near future in person. My life has taken some dips and turns but i still ride the wave. What you shared with me over the years gave me a perspective to deal with things that many could not understand. I Am what I am. Many say they want spirit but seem to fight it with all kind of excuses, this is wish not to be. Please continue to give the advice and counsel to the seeker. What can i do in the meantime here as i prepare for the inevitable return.

Greeting,

Peace my name is Waheed, I read your site, and I'm very interested in learning more. First I would like to tell you how I heard about your community. I stayed in New Orleans, for like a year, helping my father out on his house, he was renting out. When I was out there I always try to find some conscious people to hang with and talk too. I came across a few people, and I would tell them about the Buddhist retreats I would go on sometimes. Since I'm Afrikan American not too many of us go on Meditation retreats, so most of the people I came across with was kind of shocked. It seems everytime I mention about meditation, Purple People came up, and I was like "who," "where are they now," but know one knew. So I forgot all about the Purple People Intel yesterday, when I was just surfing the net, and I came across Nahziryah Monastic Community, and I double clicked, and there was the Purple People. Now I see why people kept mentioning it to me, because the way I view things, the oneness view I have, and the love for meditation.

I have been looking at your site for two days, I'm amazed, because it feels home to me. I

was wondering was this the answer I got when I was praying to the Divine for a teacher, the other day. I don't know but I'm keeping an open Heart.... Hetep

Give thanks and blessings, I look forward to reading the words of a Living Guru.

**Life is like a bubble. Death might know at any time and snatch us away. Every moment of human life is precious and is the God-gifted opportunity for man to regenerate himself spiritually and speed up to the blessed state of self-realization.**

**Guru is even superior to God; the student must ungrudgingly, selflessly, dedicatedly and lovingly serve the Guru, whatever be the hardships of service. There is nothing comparable to the service rendered to the Guru. Only if Guru is pleased, Gods will be pleased. If Guru is not pleased, all the Gods even cannot help him wee bit.**

**Inquiry = Hello. My name is James and I am a student of the Jain way of life. I am searching for a community where I can become a Jainist monk, a place where others share similar beliefs. Your monastery sounds exactly what I'm looking for: an environment of strict ascetic disciples where I can practice my beliefs and maintain strict adherence to the principles of monkhood. I yearn for the monastic way of life, and I will do anything to attain it. However, I have a few questions. First, I am white, and I would be more comfortable if there were a significant number of white followers in the community. Is this so? Also, upon taking my Jainist vows, I must renounce all pleasures and comforts of the flesh. This includes a complete renunciation of bathing (except for the hands and face). Is it possible to live within your community and maintain this vow? Do others amongst you have similar habits? I would be most ecstatic if you would allow me to join your society without compromising the rigorous demands of my faith. Are there other Jainist monks and nuns in your monastery? I am most curious. I am also quite serious about maintaining the monastic lifestyle, and would most eagerly embrace all the requirements of life among you. Please respond as soon as possible, as I will soon take my vows and become a homeless beggar, as my mindless American culture disgusts and appalls me. Let me join your monastery as a dedicated, sincere member.**

Peace be with you James,

The Reverend Nazirmoreh (ABRD) has received your transmission, your words, your thoughts and feelings. The Reverend has instructed to inform you that at this present time no one is being accepted into the Monastery for residency (or Live-in membership), as well as visitations to the Community will resume during the summer months of 2003. A preliminary visit to Nahziryah Monastic Community is in order related to those seeking full time live-in membership, for the purpose of the Reverend viewing/observing the applicant as well as the applicant experiencing what the monastic life is like here at Nahziryah. The Reverend advises that If you are very serious according to your vows, you will have to wait until the spring or summer of this coming year to request a visit to the Community. The Reverend also instructed to inform you James, that there are members within the Community traveling in white bodies, however, none of which are living at the Monastery at this time. Also, there are helper-supporters of Nahziryah Monastic Community and direct-students of Reverend Nazirmoreh (ABRD), traveling in white bodies who periodically visit the Community according to the said/approved times. *[Note: Spiritual beings traveling in white bodies, white mundane, physical , material travel vehicles during this particular time dispensation. We are not these bodies.]*

There is an information packet available which includes the Purple Veil Newsletters, a copy of "A Glimpse of the Order", information on the different degrees of membership, 7 Basic Monastery Guidelines, a visitation and a membership ques-

tionnaire, etc.. If you are interested you may send a sincerity offering, a contribution of \$7.00 and the packet will be gotten to you right away. You should read all of the information it contains and at that time you may want to apply for the membership of your choice. The application will be observed by the Reverend Nazirmoreh (ABRD), and you will be given further directions and information at that time. However, again, there will be no entrance into the Community as resident membership during this winter season.

The Reverend also suggests that you view the Reverend's travels in India- a pictorial journey newly placed on the Community's website- if you have not done so already... [www.nmcnews.org](http://www.nmcnews.org)

In regards to all other questions expressed in your transmission, they will be answered at another time.

Last year I tried to come over there. Unfortunately I didn't. I am looking forward a community where I can participate any of the on going activities. I expect you have some facilities for overseas personals. If you can help me out, I expect an invitation letter from you to enable me to visit your place and stay. I appreciate very much anything I have an access in your organization to a long term commitment so I can plan my future as well. I have a good picture about your community which I got it from the web site. Financially I am secure to meet my initial expenses and other expenses like to and fro air fare, local expenses, etc. I hope I will hear a positive response from you very soon. I pray to God to get a chance to visit you all.

Peace be with you Suresh Kumar,

Received your words, thoughts and concerns. There is an information packet that one must read upon considering being a resident member of Nahziryah Monastic Community (It includes a membership questionnaire/application as well). This information will be sent to you upon receipt of a good will offering from you, of \$67.60 (U.S. dollars), which covers the cost of sending this packet to you via Federal Express economy delivery (four days).

It is of interest to Nazirmoreh (All Blessings & Respect Due), Nahziryah Monastic Community as to your exact aspirations and present situation. Are you hoping to arrange a visit to Nahziryah Monastic Community-Retreat for Meditation & Holistic Living and then return to Saudi Arabia? Have you hopes/plans/arrangements to visit elsewhere while in the U.S.? Is your present/past circumstances somewhat urgent related to wanting to come to the United States? Have you any understanding as to the sincerest devotion required to live as a resident student/member within Nahziryah Monastic Community? Are you truly attuned to Nahziryah Monastic Community's service, its effort toward the consciousness expansion and further spiritual development of all existence; all beings. Effort, discipline; renunciation of the "me", of distractions, of the little ego; hard work; tireless effort; collective effort; effort, effort, effort; work, work, work; meditate, meditate, meditate. Truth, light and love, wisdom, knowledge and understanding. Discipline, order, cooperation, coordination, coordinators, directions, directors; a spiritual teacher/director/guru/reverend/sheikh/baba/master; students/devotees/aspirants, all working collectively toward the same effort/goal/glimpse - into vision, ever opening, evolving, transcending, higher and higher degrees.

Consciousness expansion, further spiritual development.

Awaiting your reply.

Also I like to read and take long walks, observe human behavior, watch movies, and on occasion take swims. I walk around quite a bit, I normally have on a pair of walking shoes.**

#### **Personality**

**I am a very analytical person who likes to engage others in long drawn out discussions. Every word that I speak must have a purpose. This is a double-edged sword for I really need to learn how to make small talk in order to get to know others better. I have found that many people I encounter are not interested in in-depth conversations about such subjects as the purpose of life or the reason for our existence. When dealing with others, I always try to maintain an open mind for I believe that we are judged by how we interact with others. Things that really anger me are unfounded prejudice, maliciousness, bigotry, and unexamined actions and thought processes. I tend to measure others based upon their actions and behaviors instead of the words that flow from their lips for actions speak louder than words in my book.**

#### **Contacting me**

**Right now, I dwell in the good city of Saudi Arabia, Dammam where I rent a room in an apartment complex near the intersection of Stadium for \$250 per month including utilities and tel, tv, etc. I am currently seeking full time employment and a purpose that I can devote much of my energy to. If this stuff is complicated, just click on my e-mail address below and go from there. Finally, you can always send me a note via good old-fashioned postal mail at the address given below. **Reverend Nazirmoreh, Spiritual Teacher & Founder of Nahziryah Monastic Community, The Nazir Order of the Purple Veil, after viewing your information, transmission, has recognized that Nahziryah Monastic Community is not the place for you. Nahziryah Monastic Community is a monastic communal community. There is no hiring, there are no wages, there is no pay. You get what YOU ARE and YOU get what YOU pay for. The PAY that YOU pay is the EFFORT that YOU put into utilizing information gained through experience, through information received via instructions, teachings, learning, growing, expanding, developing, consciousness expansion, further spiritual development. That is the experiential need, that is the attraction. That is the joining – the community – the collective effort – the communal service, serving.**

**After your viewing the Community website and receiving the reply to your request, it appears that you did not recognize this. You did not accept this. You did not need this. This is not your experiential need. You have great talents & skills that can be expressed and put to use more fully in a larger monetary enterprise community. Nahziryah Monastic (communal) Community and the Nazir Order of the Purple Veil is somewhat reclusive, ascetic, and is a small community; the effort, the service of the community is toward the consciousness expansion & further spiritual development of all existence – through collective / communal effort. Not “me”, no “mine”. You have a lot to learn, you have a lot to experience, you are still a young man – you are not the body. It appears from your writing, from your information, from your projections, your thoughts, your views and aspirations – that Nahziryah Monastic Community is not the place for you to learn what you have to learn according to your experiential needs, as expressed by you.**

**Peace be with you Suresh Kumar. We pray that all will be well with you throughout all existence and that you satisfy your needs. There are always heights ahead. We are on an infinite journey. OM.**

peace. a friend emailed me your site and informed me of the developing community.  
i have wanted to live community life for a good while, and the parameters that i have read  
are agreeable.

i have a graphic arts business, media, and printing in Indiana. i have raised toggenburg  
goats for many years, and would very much like to be involved with goats in a community.  
i have committed myself to understand the ketav levonah or ancient hebrew writings. each  
week i am involved in translating the writings of the Torah into English with commentary.  
This is my service amongst the bet Aharon of which my family is a member. I see this lan-  
guage has been the basis of many languages today, universal in scope, and through which  
we come to understand all that is before us as well as to activate and fully develop the at-  
tributes of light within us. A couple of my publications are THE ALPHABET and THE  
TORAH LIGHT DICTIONARY. Some prior editions are available from the web site...  
please keep me posted of the community developments and the proposals

best regards. shmuel

Nahziryah Monastic Community**

**Peace be with you Shmuel Wahli,**

**Reverend Nazirmoreh (All Blessings and Respect Due) has received your transmission and thanks you very much for your interest, your seeing, your glimpse. The Reverend (A. B.R.D.) has directed to inform you Shmuel, that Nahziryah Monastic Community is universal in sight - Many Paths, One Goal... Many Names, One Divine Creator - Source and Essence of All that Is, Was and Ever Shall Be; in existence since beginningless time. Of the disciplines, rules, regulations, life living which the Reverend (A.B.R.D.) lives, teaches and directs those students who have chosen and have come to give their All in Truth, in Light, in Love. Nahziryah Monastic Community is a communal community, vegetarian-vegan (non dairy). The Reverend (A.B.R.D.) has established here at the Monastery extensive and intensive organic gardening which fulfills a substantial portion of the Community's dietary needs.**

**Regarding your expressed community interest - work and meditate, meditate and work is the rule. Nahziryah Monastic Community's monastic life is serious and sincere - not performance or audience, but true dedication and devotion --- to the Master, to the Goal, to the Direction, to the Life, Eternal, not here today gone tomorrow, we are on an infinite journey, assisted through our soul attunement, our soul matrix and collective effort - we are One in service and effort towards the consciousness expansion and further spiritual development of all existence, not one people but all people, all beings - throughout all existence. The Reverend (A.B.R.D.) does not play, and we are not here to play, we are here every single day; no place to run to, no place to hide - receiving directions only from our beloved guide, the Reverend Nazirmoreh, our beloved Master. And being in the sight of a spiritual director at all times and under that director's directions who corrects, ridicules, scolds and at times yells (always in Love) in an effort to assist one in one's consciousness expansion & further spiritual development, and to open one's eyes to that need, to that expansion, to that development - is extremely difficult, sensitive and strenuous at times. The service, the effort towards the consciousness expansion & further spiritual development of all existence in a collective effort toward that direction is extremely difficult, sensitive and strenuous as well; this is Nahziryah Monastic Community life living - live the life and you will know the Love. The commitment, the responsibility, the duty, the service: to serve, to transcend, to evolve, consciousness expansion, further spiritual development, beyond the body, beyond the mind, beyond the mundane physical material programmed conditioned consciousness distractions, the ego. If this be your calling our Brother Shmuel, do not hesitate - Reverend Nazirmoreh's (A.B.R.D.) heart is in all ways open...**

**Please visit Nahziryah Monastic Community's website again and again for further expansion, that your glimpse may expand into the vision.**

**We pray this information is in accord with your request, your asking. If you have any further questions, thoughts or views - communicate .**

**Peace be with you Shmuel Wahli and All, in All - We Are One

**After note: All beings living within the Community on a permanent basis as live-in members are direct initiated students of Reverend Nazirmoreh (A.B.R.D.), that is the qualification. However, there are those direct initiated students, live-in members living outside of the Community geographically, and helper-supporter members doing all that they possibly can do to assist, help and support the Community direction as best they can - living in the world, being not of the world. They travel to the Community's geographical location whenever duty, the need calls... to give their All.**

In any case I will remember all my obligations...eventually, I hope. This new mailing address will be good at least until september on my neighbors computer and then afterwards on the library's. **A friend of mine has inquired about what type of arrangements are happening there at the community. His name is Carl Miller and he has been on a spiritual path for quite a few years, especially Theosophy and the writings of Blavatsky. He is also interested in yoga and meditation. Carl is a math teacher, and taught high school level for about 15 years in California.**

**I would describe him as very well-mannered and well-read, strictly vegetarian, a non-smoker and clear of alcohol etc. The inquiry is because he wishes to live in spiritual community that is bonafide. He is not happy with the situation at the West Virginia Krsna temple. He is more serious than what is happening here, and so I have referred him to you, and told him I would write first and introduce him to you.**

**He has seen the newsletter and visited your website, and he is interested in your teachings. I think that he would fit in with your program and be able to offer some real service, and learn a lot at the same time. By the way, I am very impressed with your website, mainly because my picture is in there. Thank you very much.**

The Reverend on receiving your request to enter into Nahziryah Monastic Community, observed that it would be most beneficial to you, toward your consciousness expansion and further spiritual development, to stay where you are - at Yogaville... which the Reverend considers a very beautiful place to be. As you stated, you do not have any money... we do not have any money - we are working as hard as we possibly can (work and meditate,

meditate and work) to maintain Nahziryah Monastic Community and expand in the service, the collective effort toward the consciousness expansion and further spiritual development of all existence. There are only a few live-in member workers active in the physical labor at the Community at this time. It would possibly be very strenuous for you, physically and mentally. Looking around while working within your view, within your mind, wondering where are the other workers, the other servers.

Swami Satchidananda is a beautiful being, guru, for you to be under, under the direction of, prostrating at the Swami's feet in devotion, love, service, support of the work; of the service, of the effort.

Please extend the Reverend Nazirmoreh's love, honor and respect to the Reverend Swami Satchidananda, if you have direct contact with the Swami, and into the thought atmosphere of Yogaville and all servers travelling within that atmosphere and beyond, throughout all existence.

Peace be with you, OM

**Dear Rev. Nazirmoreh!**

Me and my "companion" Ben are interested in your monastic community of the Nahziryah order. We both work as University librarians in the Northeast, and being surrounded by knowledge all the time, we like to look at other forms of knowledge sometimes. In particular, we are wonderin how we might also travel along the path of mystic enlightenment. Is this information contained in your newsletter?

Also, could we stop by and visit? We will be in New Orleans for a couple of weeks in March as we search for books and reinvigorate our private lives with each other. We would really like to visit.

Please respond soon -- our hearts are open.

Just received your communications (have been traveling) and your concerns regarding the path of mystic enlightenment, and also your request to visit the Veil of Truth – Center for Metaphysical and Esoteric Learning in New Orleans. Yes, the information concerning the Community is contained in the newsletters. I will have them sent to you, for you to view and decide at that point as to whether you and Ben would like to proceed further on your journey toward mystic enlightenment. There is a possibility that Nazirmoreh will not be in New Orleans during the month of March, however you and Ben are welcome to come and view the Center, ask questions if you care to; I will inform those that are on duty at that time of the possibility of you and Ben visiting. Perhaps you both might like to visit the Retreat some day and receive direct communications, transmissions, experience, towards possibly your consciousness expansion and further spiritual development.

**Reverend Nazirmoreh:**

greetings and peace

i was in your store wednesday afternoon (bought a beautiful book of sufi poetry, thank you). now that i'm back here in Jackson, MS, i thought i would, perhaps, ask a question, one i have asked a good number of people. perhaps you could help.

simply said: i am studying the Sufi path (in all its variable manifestations and Singular meaning)...i have been studying the Qur'an and i realize that there are incidents in the "bible" that are relative to the Muslim experience. i find it curious that though there are commentaries on the torah/psalms/gospels (those parts of the hebrew/christian "covenant" texts that Islam honors and refers to), there seem to be no actual Muslim "editions" of those earlier scriptures. it is easy to find a "baptist" or even roman catholic" version of the "bible" (with their own interpretative comments)...but why isn't there an edition published/edited by an imam or shaiykh? perhaps there is an obscure edition? that is my question. i will appreciate any time you feel is worth devoted to responding to my perhaps simple-minded question.

peace

I can not direct you to any books or information in the area of your stated concerns. However, I can say there are many paths; one goal. Many names; One Divine Creator... the source of all that is, was and ever shall be. There is exoteric, there is esoteric information available in all spiritual teachings & traditions. You get what you are, you get what you pay for. You get according to the plane of consciousness you're traveling on, your degree of awareness. You attract into your life teachings, information, instructions, directions, disciplines, initiations according to your degree, according to your experiential need. The pay is the effort you put into utilizing the information, applying the information in your life, in your travels that will be conducive to your further development, attraction, growth, information, directions, teaching, expansions.

**Inquiry=Dear Nazirmoreh (All Blessings and Respect Due)**

I spoke with you via e-mail some time ago. I am Kente's brother Curtis. I am trying to grow more toward enlightenment and I am asking for your guidance. I have many books and tapes that I purchase from the 'Veil of Truth' bookstore. I've been reading and re-reading and listening and re-listening and I have grown. I would like to be a 'satellite' member, if there is such. Can you send me a couple of books to help me grow more and invoice me. If I have them already I'll just return them.

I've chanced to a vegetarian diet a while ago, I know you and your students diet is vegan. I am experiencing lots of hair lost, I think it's because of my diet change. Have you heard of such in your community, if so, then what or do I just not think about it?

Nazirmoreh has received your transmission, your request. There are materials available here at Nahzirayah at present that will be of some value to you, attuned to your request. However, there are materials expected in shortly; attuned to your request as well physically, mentally and spiritually, All in All. All will be sent in time, when it is time. Reach for the sublime. Release the "me" and "mine". Is this the guidance that you seek, the directions, the relationship, the teacher, the student, which is so very hard to find? Would it be difficult or comfortable to your mind?

With the materials, the necessary papers will be sent to you to sign and return. Nazirmoreh's heart truly yearns, for all those who have returned to learn. Beyond the body, beyond the mind - All is Divine. We are one. OM.

**A.N.: As before**

**Peace be with you Curtis Keys,**

Concerning your question about hair loss - there has been no problem such as this within Nahzirayah Monastic Community. However Nazirmoreh has received requests from others for assistance concerning hair loss and the changing life living. There are things that you can do concerning the matter - it is of the mind - of the thoughts... all a part of your experiential atmosphere and needs.

**Things that you can do:**

**1- Stop giving it as much thought - Don't think about it. However, put effort and energy toward doing something about it.**

**\* Healthy hair is dependent upon our thoughts, blood circulation and blood quality. The latter two in turn are related to adequate breathing and nutrition. A well balanced diet and positive thoughts are important to maintaining healthy hair.**

**\* Hair loss of 50 - 100 strands of hair per day is normal. However if you feel you are losing excessive hair; consider the following...**

**\* Hair is composed of mainly protein. If the protein deficiency is corrected, the hair will be restored to its normal state. A deficiency of protein can result in temporary changes of hair, such as dullness, thinness, and dryness. Recommended protein sources are dry beans/peas, nuts and seeds, soybeans & soy products such as dofu (tofu), etc. and dark green leafy vegetables.**

**\* An underactive thyroid causes hair to fall out. (See NMC's Better Health Naturally Report on hypo/hyperthyroidism for information & corrective measures concerning.)**

**\* B vitamin deficiencies can cause hair loss. Sources for these vitamins are found in: alfalfa and its sprouts, almonds, avocado, bee pollen, asparagus, apricots, comfrey, garlic, broccoli, cabbage, dark green vegetables, nuts, seeds (sprouted & whole), citrus fruits, yellow vegetables and fruits, nutritional yeast, kelp, wheatbran, wheatgerm, wheatgrass, grains (sprouted & whole), parsley, spirulina and many more gifts from the vegetable kingdom. (refer to Nutritional Awareness Guide; vitamins & minerals - available through the Veil of Truth).**

**\* Eat plenty of foods high in biotin. Biotin is needed for healthy hair and skin, and may even prevent hair loss in some men. Good food sources of biotin include brewer's yeast, brown rice, bulgur, green peas, lentils, oats, soybeans, sunflower seeds, and walnuts.**

**\* Do not eat foods containing raw eggs. Raw eggs not only pose a risk of salmonella infection, but are high in avidin, a protein that binds biotin and prevents it from being absorbed.**

**\* Lie head down on a slant board fifteen minutes a day to allow the blood to reach your scalp. Massage your scalp daily.**

**\* Do not use products that are not natural on the hair. Allergic reactions to chemicals in these products occur frequently. Use only all-natural and pH-balanced formulas.**

**\* Avoid rough treatment. Do not use a brush or fine toothed comb, or towel dry your hair. Do not use a blow dryer or other heated appliance on your hair ; let it dry naturally; let it grow naturally. Do not comb your hair until it is dry; wet hair tends to break off. Use a pick to put wet hair in place.**

#### **SUMMARY**

**Absorb more healthy thoughts and eat more healthy foods. Eliminate any environmental hazards that may be related. Increase blood circulation to the area. Prepare your own meals more often, including supplementation with foods such as kelp, nutritional yeast (red star brand), sprouts etc.**

**(more information is available if needed or requested through Nahziryah Monastic Community's Better Health Naturally reports)**

Hi,

My name is Stacie Sire and I used to live in New Orleans. I moved away when I was 18 years old, moved to Atlanta for a while and now I live in Seattle. My friends and I always really enjoyed your store...the books, incense, oils, candles, etc. We often frequented your store and occasionally attended your meditations. Whenever we were in the french market, we always made sure to make our way to your booths. We always felt at peace in your surroundings. Your purple clothing and van were always such an intrigue to our young open minds. Thanks for that. I still often remember "the purple people" and whenever I am visiting New Orleans...I make it a point to visit your store.

I viewed your website and enjoyed my visit. I always did like getting to know more about your religion and your way of life. My favorite was the online meditation...I really needed that. I will visit often. I am interested in subscribing to your newsletter. In the meantime, you can check out me and my husband's website.

He is from New Orleans also and was usually with me when visiting your store, booth, or meditations in New Orleans.

Thanks,

**Inquiry = Peace be with you. Recently, I began reading Yogananda's Autobiography of a Yogi. I was moved to return to the practice of hatha and kundalini yoga and meditation after briefly beginning the practice a year ago. Again, I allowed life and worldliness to get in the way. I'm considering joining a yoga class here in Lake Charles, Louisiana, but I fear that American spirit of competition might impede my solemn, meditative practice of yoga that I am able to attain on my own. I ask for advice in practicing alone or practicing in a group. I appreciate your services in the past and am excited to think that I may correspond directly with you. Peace be with you this glorious day, Nazirmoreh, I am eternally grateful that you replied to my email. And, yes, I would appreciate continued correspondence. I have deep respect and admiration for your work here. Often, I visited New Orleans just to get a glimpse of you at your lovely store, or to purchase incense and perfume from your booth in the French Market. I would drive three hours to spend time at the Veil of Truth. We've exchanged nods and "peace" a few times. The books that I purchased at your store have guided me on my spiritual path and have directly influenced the beauty and godliness that I'm experiencing in my life today. I was eighteen when I first visited you; I'm 27 now... nearly ten years. You are a blessing on this Earth and we miss you in Louisiana. I drove through Yellville two months ago, but not knowing where you were located, I continued on my journey in the beautiful Ozarks. Since my last email, I've joined a Kripalu yoga class with a wonderful spiritual teacher in the area. The postures and meditation conducted in the class help with further focus for continued meditation on my own in the privacy of my home. I plan to be initiated into Kriya yoga in a year, having contacted the

**Self-Realization Fellowship for lessons. I first learned of Yogananda at the Veil of Truth.  
Again, I am grateful. Yes, I would like to receive more information and I would like to

**Dear Reverend Nazirmoreh (ABRD)**

I do not have many, or in fact any questions for you at the moment. I just wanted to say how wonderful I think what you are doing is. When I walked into your store while visiting New Orleans I didn't want to leave because I felt like I had come home. As I mentioned to one of your devotees, I was almost moved to tears.

I am tired of babbling about my spiritual search, I have learned that it is not as intriguing to everyone else as it is to me. So I shall say that the colour purple has always held me captivated and I think that's what won me over.

I am currently participating in an internship programme on an organic farm in Ohio, and I enjoy creating craft items in my spare time. So you can see why your community sounds like my original "home".

As for peace... well, love is my doctrine. Something that I try to spread where ever I find myself in my travels.

Thank you for showing me that I am on a viable path in life. It helps.

I hope to be able to visit your farm someday.

**All Blessings and Respect Due.**

**Regards,**

Peace,

I was referred to you by Mistro Jimmi Esspirit. I met Reverend Nazirmoreh several years ago when he came to Dallas to meet with the Mistro. We were also on stage together in 1990 @ the heritage festival.

I'm writing because i'm in search of spiritual healing, growth, and development. I believe that my life's purpose is calling me, and i'm not a certain how to proceed. I also have a son who is 17yrs and is diagnosed as down syndrome. We both are in need of alignment.

Please send me more info concerning your serves.

Peace and Thank You,

Peace be with you Makini Anita Shakur,

Received your projection concerning you being referred to Nazirmoreh/ Nahziryah Monastic Community by Mistro Esspirit. However, there is an indication that you have somewhat of a mis-understanding, inaccurate or incorrect experience recollection, concerning who and/or what the Reverend Nazirmoreh (ABRD) is. It appears that you have an identity confusion, mix-up; mistake, in your recall. The Reverend has never gone to Dallas to meet with the Mistro; was not on stage in 1990; does not go on stage in the form of an entertainer (a singer, a musician, a musical projector, all respect due). The Reverend does not attend, has not attended the Jazz & Heritage Festival. However there was a time in particular, the Reverend was invited by Mistro Esspirit, to come to the festival to view the Mistro on stage in performance with a group of musicians, singers that the Mistro was di-

recting at the time. The Reverend was in the audience viewing and appreciating the beautiful presentation, projection. There is a possibility that you have one of Nazirmoreh's/ Nahziryah Monastic Community's once student-members in mind. Reverend Nazirmoreh is the founder and spiritual teacher, head and director of Nahziryah Monastic Community and the Nazir Order of the Purple Veil - and has been working and serving in that degree, activity, for many, many years, 40, 50, 60, 100, 1000, since beginningless time, with the exclusion of all other social activity. The Reverend is reclusive in truth, in light, in love, wisdom, knowledge & understanding, for the consciousness expansion and further spiritual development of all existence. That is the Reverend's effort, service.

Information will be sent to you concerning your request, your need. If you have received the call, you must be prepared to give your All. Your All in All, in Truth, in Light, in Love, Wisdom, Knowledge & Understanding that you may accomplish, that you may proceed, develop, advance, beyond the mundane, physical, material programmed conditioning that we all struggle in and must pay the effort to transcend.

In Truth, In Light, In Love

Peace Be With You

Reverend Nazirmoreh

After note: please state address, that further information may be sent to you. Any further questions, at any time - be free.

NAHZIRYAH MONASTIC COMMUNITY  
PATH OF MYSTIC ENLIGHTENMENT  
NAZIR ORDER OF THE PURPLE VEIL  
OMNIVERSAL

Many paths - One goal. Many names - ONE DIVINE CREATOR, Source of All That Is. Universal Consciousness. Highest Spiritual Evolution. Our Order is the Nazir Order of the Purple Veil. Purple is a color of the highest spiritual vibratory rate. This is the color of the age of enlightenment, the age of universal consciousness, the age which the world is now embarking on. Our beliefs, our way of life are founded in Truth. Truth which is beyond any one religion. Truth which is found in all religions. We align ourselves with That which Is.

What is our religion? - all of them. Where are we from? - everywhere. We strive to transcend all limitations. We offer you a glimpse of this truth... We are all from the same place, we are all from the same source. The Creator is our father and mother, the universe - cosmos is our home. We limit our consciousness and understanding when we do not take our birthright, as Beings of the Divine Essence of All That Is, Was and Ever Shall Be. Our consciousness narrows when we crystallize ourselves in the consciousness of being from a country, a state, a city, a street, a house, a spot and so on. We are not these bodies. We expand our consciousness and our understanding when we align with the higher Truths of Being.

In our quest for spiritual attainment, we harmonize the physical, mental and spiritual aspects of our being - to bring it into "at-one-ment". We live a simple, monastic, community life. We reside at our monastery; Nahziryah Monastic Community, Retreat for Meditation and Holistic Living, where we do organic gardening to help sustain the Community's dietary needs. We work hard, study, meditate and our diet is vegetarian-vegan (non-diary). To support the Community and the effort toward consciousness expansion and further spiritual development throughout all existence, - in truth, in light, in love, wisdom, knowledge and understanding, (may peace prevail on earth as in heaven), we make and sell art crafts, as well as metaphysical/esoteric, spiritual literature of all faiths, recordings and meditation supplies. An initiate of the Nazir Order of the Purple Veil wears all purple monastic garments at all times, and all live-in members of Nahziryah Monastic Community; brothers and sisters, dress uniformly - according to like gender. You will find live-in members of Nahziryah Monastic Community and our Order very seldom travel alone, never engaging in frivolous talk. We are reclusive.

A true member of Nahziryah Monastic Community and the Nazir Order of the Purple Veil, will first, foremost and always proclaim Nazirmoreh (All Blessings and Respect Due) as his or her Spiritual Teacher and Guide. Nazirmoreh (A.B.R.D.) nurtures us in a spiri-

tual and universal love for all beings; for all are fellow travelers on the spiritual journey. With an open heart and far reaching vision, Nazirmoreh (A.B.R.D.) guides the Nazir children of light onward and upward - to embrace the All in All. Who are these children of light? Those who would choose, those who hear the call and have come to give their All...BEHOLD THE ONE IN ALL.

In Truth, In Light, In Love  
Peace be with you

## **E-mail Inquiry**

(April 11th, 2002)

I was confused I will admit at first - (as you are called the: "Reverend"). Why is this, and can you explain this to me? Does this have something to do with your religion, etc? I am curious. You are in a monastic community? Is this Hindu, Buddhism... enlighten me, please? I personally am finding my way and walking a new path with the Muslim faith. I still have much to learn and am open to educate myself regarding other faiths.

The Reverend (ABRD) has received your transmission, your request... however the Reverend (ABRD) has instructed to inform you that all activities and facilities have been moved

out of New Orleans. The Community or Resident Members do not exist in New Orleans any more at present. All activities, services, facilities have been moved to and directed from the Monastery - Nahziyah Monastic Community, Retreat for Meditation & Holistic Living. It would have been beautiful to have had you both to visit there and to assist with the activities, the services, and the interchanging of beautiful, spiritual energies and thoughts. The Community/Monastery is located in the Ozark mountains of Arkansas, and has been at this location for 8 years now. However, the Reverend has put a seal on visitations to & within the Monastery at present. Perhaps you both would like to look at the website. If you have any more questions, concerns, thoughts or feelings - please be free. The Reverend's heart is open, in truth, in light, in love.

Received your transmission, your request, to visit Nahzirya Monastic Community, Veil of Truth Center for Metaphysical & Esoteric Learning. This is what the Reverend understood as your request being, since your letter stated "Center", rather than "Monastery" or "Community". The Center is located within the Monastic Community grounds at this time. You are welcome to visit the Community, the Monastery, the Center, at your convenience; being attuned to the Community's schedule at the time. The Community would love to have you visit. There are times that the Sisters with the responsibility of visitor/guest care - the keepers of the Center - are not active in that area due to other responsibilities. Harvesting, preparing for the cooler season; the winter ahead, cutting wood, building the firewood/cooking wood piles, seeing that everything is in order for the Community as well as visitor's comfort, during those times. There will be Nazir Art Crafts displays in Mountain Home as well as in Yellville on the days of Friday, Saturday and Monday - weather permitting. If it is convenient for you - you may speak to the Sisters concerning the possible appropriate time(s) for you. They will give the information to the Reverend & we will make arrangements accordingly. You may also want to e-mail concerning the time convenient for you, as well as call.

**Inquiry = I am amazed and fascinated too, I must admit; Towards anyone who comes up with a different perspective of life. Of course, I do not wish to play word games no more than you. When I talked with one of your beautiful sister's today, I could not help but notice her demeanor and the way she was dressed. It sparked my interest and she was kind enough to give me a small sample of your concepts. This of course interest me more. After I left and read the page, I was struck by the thought..."If someone is to be a light for others to follow... why wasn't there a beacon." By that, I mean no address or phone number on the page... so I went back and talked to another lady and she in turn, told the beautiful lady what I was after; She had a thing in her nose... oh well, she again, gave me a piece of paper in which I am now able to respond. People are so concerned with how God made us with the concept that we were created out of the dust, or formed from the dust. Others say we crawled out of the sea, or jumped out of a tree. Maybe I am alone in this, but I believe that when God fashioned the world and created us in His image... He was referring to the spiritual self.... not the physical one; Simply because God doesn't need a body with all the problems it presents... Then He set into motion, Mother nature or evolution which in itself is a building process. Lets give an example, if you look under a microscope at a drop of blood from your body... you'll find hundreds of different life forms... each has a purpose and a meaning in your life, and yet....God put you in charge of all that. So what difference does it make what or where you came from... God set it all in motion... you were created in His image and He put you in charge of it all. I hope that I don't seem too far out of what most would consider... "Off Base" But life is so complexed and wonderful.... if I hear from you... I'll answer.... which ever..... someone once said, "We may only pass this way but once in life. Let us not forget it; Nor neglect it... for we may never pass this way again.!**

My husband and I are moving to Yellville in a year.  
We will be living not far down the street from you. I  
have always believed much like the Krishna's as far as animals, and I believe in one God.  
We feel like our beliefs are very very much like your communities. We would love to visit.  
I feel like I have been put on this earth to provide protection for animals such as poultry.  
However, with this limited space it is very difficult to express the full extent of my views.

**Pray for us, please and please keep in touch with us.**

**Peace be with you D. S.,**

Received your transmission, received your request to visit Nahziryah Monastic Community. In all love, the Reverend appreciates and honors your request to do so and would love to have you visit. However at date stated, the members that are responsible for receiving visitors and providing for them, showing them the grounds, getting them located/situated - will be traveling, will be attending fairs such as where you met the other members as stated. Perhaps another date can be arranged that would be convenient for you,

and members available here at the Community to receive you and show you the Community, take you on tour. Those members will be returning Monday the 28th of May. Perhaps at that time or days following. There will be another fair according to our schedule - the following weekend as well - June 1st-3rd (May 25-27, June 1-3, June 9-10, June 23-24 plus traveling time). Nahziryah Monastic Community has a schedule to attend a fair in Bentonville the 3rd week of October 2002 that has not been settled, however the Community looks forward to attending. During month of July (except July 18-22) is more open according to Community membership activity and presence. Will be a little less travelling and more Community centered work activity. Perhaps you can come at that time according to your schedule, according to what is convenient for you. The winter months are more open for visits as well.

Please transmit according to your feelings, your schedule, your convenience, when you can arrange to visit the Community during stated periods of time. Would love to see you - to have you visit. Peace Be With You, OM, Namaskarr.

Peace be with you Brother Little DStar,

We have no pets, no cats, no dogs, no domestic animals. There are animals living in area, according to their natural environment or habitat. We do not bother them; they do not bother us. Sometimes they bother the garden, most times we commune with each other in truth, in light, in love. We Are One... traveling at different stages of our consciousness expansion, further spiritual development, evolutionary journey. No smoking, no drinking, no drugs - not even aspirin. Work & meditate, meditate & work.

**That's great! exactly the lifestyle I practice, advocate, and seek in community!**

**another Q.—> I do love and appreciate spirituality, I hope the Universal Oneness feeling includes some kind of eclectic respect for the freedom to not have to conform to any one specific dogmatic form.**

**For example, i myself am an initiate of Thakar Singh and do Inner Sound and Light Meditation. a friend of mine, a master-gardener specializing in orchards/fruit-tree planting and care, name Michael TreePlanter [to whom I've sent a cc-copy of this email to], to facilitate linking you 2] is also an initiate of Thakar Singh and also seeks similarly pure community.**

**Your land in AZ [Arizonia] is what elevation? and thus has what kind of winter weather? lowest temps? below freezing? 32-degrees fahrenheit? grows what kind of fruit trees? good soil? water-sources? air-quality? pollution from nearby cities/ or more rural and removed? above the smog-line/level due to some elevation?**

**Do you know anyone/group(s) with similarly pure community happening in Hawaii Islands or California/Pacific Ocean Coast???**

**Do you presently have openings at your community?**

**May I telephone your community? [I can call direct with my calling card.] Please y'all email and/or call me with your telephone, because I have a calling card I'm happy to use to call you my kindred spirit friends into the vegan and toxin-free sacred lifestyle!**

**I feel somewhat attached to fresh air here on coast with rain to make trees that filter air and photosynthesize with green leaves. however, possibly for the right community...? or I could at least visit for a month? May I have permission to travel there with one or more friends? perhaps November/December/Jan/Feb/March if it's too hot other months if it's low elevation?????**

**[of course, if I ever ended up living there, i'd deal with the heat be drenching clothing i wear with cool water and working the garden like that, emphasizing fruit trees for they make shade and create an atmosphere.]**

**thanks for communications. the AZ community WindTree Ranch with 1200+ acres near**

**Mexico border hasn't responded yet via email, do you have their phone?**

**Are men/women allowed to be a couple at your Nazir community?**

**Are there families/children??**

## Questions and Answers Transmission

Veil of Truth Omniversity – Center for Metaphysical and Esoteric Learning  
New Orleans, LA

(1988-1999)

..Now we're speaking about cows. Cows produce milk for cows. And the milk comes through cows for calves. *[yeah]* And the calf's mother has teats. *[yeah]* And the little calf drinks on the cows' teats. And when the little calf grows out of the need of the cows teats, it starts eating grass. It starts eating whole foods and grass and things like that. Just like a baby is suppose to have mamas teats, *[yeah]* a calf is suppose to have cows teats *[yeah]* . However when the baby grows out of the need for moms teats *[yeah]*, it eats food. And when the calf grows out of the need for the cows' teats, it eats grass. Now you have people that are, yourself probably included, that would say, 'Okay, well – I'm no longer a baby, and I'm not a calf, and I'm not even a cow — but I still want to drink cows milk *[yeah]* . Or I still want to drink goats milk *[yeah]* . But I'm not a goat *[right]* , I'm not a calf, I'm not a cow. I am a grown man *[yeah]*. I'm a grown man, and being a grown man – I don't need to be drinking milk from moms teats, you know. I can go to McDonalds – you know, using something like that *[yeah]*. Is that simple enough? *[Well like you don't want milk because you think it's just for babies?]* No, I don't want milk because I don't have any need for it. *[I mean like, you know milk is good in ice cream and all that, chocolate milk...]* Well it's good for your desires, it's good for your desires. It's because you've been programmed and conditioned into things of that nature *[yeah]* . You've been programmed and conditioned into the things of that nature and you've got an addiction to it *[yeah]* . You're a milk-aholic *[yeah]*. You're a milk-aholic, you're a chocolate-aholic, you're a milk addict *[yeah]* , you're a cheese addict – of course it's good to you. You tell anyone that crack is not good for them, and they say, 'Yeah, but I like that, I need that. It's good for me. I might get sick, I might go through changes, and I might fall down the stairs, or alcohol – drink a little too much, fall down the stairs and everything else. But I like it, it's good *[yeah]* . You know, 'I smoke a cigarette, smoke a couple of cigarettes. I cough and everything. And there's a billboard saying Smoking is Hazardous To Your Health. But what is that? I like it. It's my life. I do what I like to do, and I suffer the consequences'. And everybody's got an excuse for what they like to do. They've got a taste for what they want to do. They've got everything. So, it's their life, they do what they want to do with it, because it's theirs. *[Yeah, but I mean milk is healthy, and white bread is healthy too, and cheese and all that.]* You say that because you're talking through ignorance, you're talking through ignorance. White bread is not good for you, but like I said, if you like it, if that's what you feel you need, and that's as far as your education goes – then it's good for you. *[I mean, uh, white bread is really good for you. A sandwich wouldn't taste as good with different kind of bread.]* Well, that's what I said. It's because of your conditioning and programming. *[And it IS good for you too.]* Okay, white bread is good for you because that's

what you like, and that's it, that's beautiful. Now I'm not going to argue the point for you. Like I said, if it's good for you, it's good for you. Beauty is in the eye of the beholder. And I cannot infringe my opinions, I can't infringe my information, I can't infringe my life on yours. *[And like, um, I don't smoke or drink but I know that adults, uh, like to smoke and drink – you know, I think that's a part of being an adult – smoking and drinking.] Well good... [I think drinking is made for adults, and you know, I don't think that should change. I think people should be able to drink and smoke when they become an adult.] Okay... [Because, like you said you didn't want drinking or smoking, you know.] Well, you just live according to your life then. See, and that says that you couldn't come in here and live. You couldn't come within this Community and live because the disciplines would be a little too much for you. [I mean, they have people that wear them robes, and they're in Africa and Asia and all. And they still do all them things.] You would be uncomfortable, but... [I mean wearing a robe shouldn't make you change anything.] Well, no it won't, it won't make you change anything. Whether living in Africa or Asia or wherever anyone is living, they're living according to their life, they're living according to their experiential need, and that's their life and that's their need and that's the way they live, and that's their business. I have no problem with that. [But I mean, you want them to wear the robe and change everything, you know.] I'm not telling anybody to wear anything. Just like I told you, those that want to make the necessary changes that we are going through... [Well, that's trying to make them change.] No, no... [seeing as they have to do that to be a part of that] ...no, no, no, no, they come in and they say this is what it is to be a part of this. And they choose for themselves whether they want to be a part of this. And if they do not want to be a part of this, they will not come into this. They will go and put some green on, or some blue, or they'll wear purple if they want to wear purple, that's their business and they live their life according to the way they want to live it. I'm saying, that when you come here - here are some rules, regulations that you live by. And if you don't want to live by these rules and regulations, that's your business, go somewhere else, and live according to the way you think you should be living. Those that say, 'Oh yes, I like those rules and regulations because I agree with them, and this is what I've been looking for and looking to all my life. I want to be a part of this because I feel one with it, because my views, my thoughts, the way I want to live life is in accord with this. [Yeah and uh, people could get married and live in there too?]* Well see, the thing is I feel at this point I should not answer any more of your questions due to the fact that you're just talking. *[Yeah, well it's nothing wrong with getting some information and talking.]* Oh, that's beautiful, that's beautiful but I don't want to just be having vain conversations. *[Well I was wondering, you know, even before I talked to you about that, if people get married in there too.]* You're doing a book report? *[No, just was wondering if I could have got married in there, you know.]* You can get married where ever you are - why don't you go and get you some one that likes white bread and marry them and you won't have any problems. *[If I was living in the Community, how would I get married?]* If you came in the Community and you say I want to get married and you say – 'but I like white bread' – and some say – 'but I like whole wheat bread' – and you say – 'okay what are we going to do to bridge this gap. Let's match in-

formation.’ And you match information, and you say ‘Well no, information doesn’t have anything to do with it. I just like white bread and you like whole wheat bread and that’s it’. *[I mean people still get married even if they like different things, you know.]* Of course they can. *[But I mean how does that work?]* But they can’t when certain people have taken upon themselves to go through various changes and go through various disciplines in their life, and they take it upon themselves to live according to certain disciplines – when they have someone pulling in the opposite direction - you need support. That’s what soul mates are. When you have people going together, they need to support each others efforts. And they should be as much in tune to each other, as much in tune to each others goals as they possibly can be to support and help each other to attain the goal. *[You mean like if they wasn’t in the Community and they liked different things, then they could get married, but when they’re in the Community – then they can’t do that no more, right?]* No, when you’re in the Community , or when you’re in a particular order – of course I know a lot of Christians and Muslims marry together, and Jews and Hindus marry together, and things like that *[Well, if they get married, then they couldn’t be in the Community anymore, right?]* No, I’m not saying that. I’m not saying that. I’m telling you that I know people that are married and they have different outlooks and different religious beliefs, different spiritual beliefs and different disciplines – and they go in their opposite direction and they have children, and their children are kind of on the fringe ground of it – they don’t know whether they’re coming or going – their split in between mommy and daddy related to whether I’m going to be this, that or the other. And they go through a lot of confusion – but they should be themselves of course. But when you go into certain areas, you should have someone more attuned to the direction that you’re going in that would be of more benefit, more support towards you attaining the goal. And there would be less static, argumentation, resistance, separateness. *[Well like, when you’re in a Community and you get married, the Community provides a place for you and everything, and money and all that?]* Those are things that you have no authority or right to be going into all these little things when what I’m saying to you is you need to go and get someone that wants to live life the way you like to live it...

**Dear People of Nahziryah Monastic Community:**

**Greetings! My name is Daniel Anderson and i will be passing through your area shortly and i was wondering if i can stop by and visit for a few days? I read your web site and it says for interested visitors to fill out the questionnaire and send it in a week in advance. unfortunately i do not have the time to do this(for i will be traveling straight through arkansas (by bus)) so i was wondering if it be possible to temporarily waive this procedure (i can fill it out once i arrive at the community). If this is not possible then no harm done. i can try again some other time.**

Reverend Nazirmoreh,

hello reverend, my name is scott, and i was just wondering about the possibility of visiting your monastery. i am trying to understand the varying ways to live in communities, and am traveling around the country trying to understand it. most of the places that i am trying to find are either spiritual or have a basis in organic gardening, both i guess things that i would wish to learn more about. please let me know about the prospect of visiting sometime in the fall, and what the rate is? i would be willing to work to reduce the rate? thank you very much, and be well....

**Dear Rev. Nazirmoreh,**

I read about your community in the Directory and also visited your website. I myself am a seeker of Truth, and, as of tomorrow, heading from New Mexico to a small community not far from you over the border in Missouri. Being curious about your community (I don't mean curious in a superficial sense), I wonder if it is possible for me to stop over briefly, perhaps for a day and night. I am an older man with an open heart. What I count important is joy, heart energy, lightness of spirit and a leavening sense of humor. I will check my email at libraries on the way and, if a visit is feasible, would expect to be in your area early Saturday evening or possibly Sunday morning. I will be happy to call ahead if I am invited, to give you a more specific notion of day and time of arrival.

With all good wishes for spiritual and material blessings,

Alan Klein

Thanks so much for your warm reply. Another time would seem to be better, but I would like to accept your invitation. As of now I am in southern Missouri at Ananda Kanan, an ashram also listed in the Directory of Communities. I am somewhat tired from travelling and also want to see what the practice is like here. I'll get in touch again when a visit seems possible and see if my timing is good for you.

Hello I had a brief question on your view on reincarnation and went to spiritual pages for feedback. I was born normal then had accident then brain damage. The brain does not register much although once smart. Like the person disappeared and left a blank space like my "wiring" disappeared. Was perfectly normal crossing the street got hit by bicyclist then faculties were not there and just went blank. Had good mind when born now mind has been reduced to blank and scrambled but its not the way i was born. like the brain slowly dissolved and as it did the person faded out. Now theres just a few signals where a person used to be. Why would god leave me like this to just be blank and scrambled. The person is in the head and mine got blanked out. why did i have to deteriorate and dissolve this way. I thought everyone got to keep their head not have it "toasted." Anyway cant fix it now but would not call this a person. So wonder if there is reincarnation and I can be born a regular human with normal faculties like every one else the basic design of a human with normal human head. how does this work. also what happens when you die with dementia and little brain activity how can a new human be "reconfigured" out of this. Just wanted to get different peoples opinions on this. Know these are odd questions. thanks for any feedback. Wanted to get spiritual perspective.  
Sincerely M.

It appears that she is trying to communicate something to you. It could be from the distant past, other lifetimes, other cyclic experiential journeys according to your expansion and development needs. The veil could possibly be your blocks, your insecurities, your fears, your not being receptive to the impartation of the information projected through the messenger/ the vision. This information could be related to previous lifetime experiences, growth experiences that were not transcended to this point. It could be information regarding your life at this particular stage of your development, your involvement, your evolvment, your growth learning. If you do have fears, doubts, insecurities, blocks - put your effort toward transcending them through meditation, contemplation, communication. If it happens again, or often, open your heart in Love --- try to communicate, speak, ask questions - why.

Greetings,

I am wondering if this will go through. I would like very much to visit before I head for Va. I will be returning to Innisfree Village to help out this summer, as they are having a hard time getting foreign volunteers into the country.

I did write a letter & have not had a response. I would like to visit in early June. It would be a brief visit. Is that a possibility?

In gratitude,

Dear Friend,

Thanks for your response via e-mail. I am still in the process of deciding where I am to go & who to visit this summer. I will go to Wa. to spend some time with my mother & do some work on my psyche.

I am still very interested in your community. Really asking to be led as to where I am to settle. I

would prefer to be in community if one exists that is in alignment.

One question I did not ask in my letter has to do with finances. Yours is a sharing income community. What does that mean. Does that mean that anything that we own is given to community?

Also I am assuming that monastic means celibacy. Is that correct?

How far are you from Sulphur Springs? There is a community there also. How far are you from a town where the Greyhound bus would stop? I believe I ask this in my letter, how are you involved in service to the surrounding community?

Remembering the One, in gratitude  
Dawn

**Dear Nazirmoreh,**

One of my good friends has gotten into a car wreck and can't wake up. I can see his spirit-soul on the astral-plane, where I usually meditate. Can you please give me some insight or advice. I have tried to tell him to wake up and direct him to his body. You are one of the wisest people that I know, especially about the spiritual world. If you advise me to let his energy take its natural course and me not talk to him on the astral plane I will do so.

Thank you.

-Sincerely,

Received your transmission concerning your friend, your love and the accident. Do not interfere with his journey, no matter how much you love and are concerned; let him continue on. At this time, at this stage of his experiential journey, he is aware of and more attuned to which direction he should go in... be it the mundane, physical, material world or the spiritual dimensions/realms. That is his choice, his decision. He knows what is best for him at this time. Do not try to communicate or give directions. Be open to communications. Peace be with you Breston and Friend.

**Dear Sir:**

My name is C. and I had discovered true spirituality over a year ago. Since then, I have been struggling with maintaining a "civilized" way of life revolved around a day-job, and automobile and home care, etc. because of how much it conflicts with my devoted spiritual customs. I've given my latest job opportunity a notice of resignation, in hopes of finding an ecovillage or monestary to pursue the primary quest of physical life. Reading your website, was like thumbing through my own journal pages, and it filled me with wonder if this was the one place I may find a true home. Please send me any information on how I may join you. Your reply is greatly appreciated.

Peace and Love,

**Reverend Nazirmoreh (ABRD) has received your transmission, your request. Thank you very much. Reverend Nazirmoreh (ABRD), Nahziryah Monastic Community, the Nazir**

Order of the Purple Veil would truly love to have you join the Community and Order physically, mentally and spiritually. There is an information packet available that will provide you with all the preliminary information you will need while considering resident membership into Nahziryah Monastic Community. A contribution of \$7.00 is requested. Upon receipt of contribution information will be forwarded to you (via USPS mail). First, there are a few things that you should be aware of:

\*The Nahziryah Monastic Community and Order is directed toward consciousness expansion, further spiritual development through discipline, work and devotion.

\*The strictness of the teachings that come through Reverend Nazirmoreh (ABRD) and the degree of the Reverend's expectations has resulted in a handful of devotees willing and able to reside at the Monastery at a full-time residence level; detached from their mundane, physical, material pursuits, activities and associations, programmed, conditioned consciousness and world thought atmosphere.

\*Only a handful means a lot of hard work, patience, loyalty, devotion, sincerity, commitment and much effort being required of you.

If you are at a degree of attunement according to your experiential need and if you truly know, feel, sense, glimpse that need for continual and sometimes strenuous effort toward your consciousness expansion, further spiritual development and unifying in a collective effort with fellow spiritual Brothers, Sisters on the path... rather than the struggle for mundane & worldly pursuits - then perhaps Nahziryah is for you. You felt the oneness on a particular level; now it's for you to live that oneness on all levels. Consider the above and make contact with the Reverend concerning your request if appropriate for you.

I greatly anticipate our meeting and look forward to having the capability of further consciousness development. **Written correspondence from C. M. to Reverend Nazirmoreh (ABRD)**

**Dear Reverend Nazirmoreh (ABRD),**

**Hello, again; I am writing to relieve a spiritual problem encountered since my move. I knew that you would be the only one willing to listen and, perhaps, give some advice that would be worthwhile, you being the only one I know to have been “down the path”.**

**My move has shown me much; it has brought some weaknesses of mine to view and I have included them in the daily observance and discipline. Being within the mundane experience, I have gotten a job and a small efficiency, and have no difficulty keeping deadlines met. My struggle lies in relations with the people of the outside. My initial feeling was that I would be more capable of finding a mate to share both the Universal Truth and my all, because of where I am having more outlets of this Truth being unconditioned, compared to the religion-based of where I was. I find it hard to make connections with anyone who is not looking beyond the illusions. Being the type of person that I am, I thrive off open communication with absolutely no back stabbing or sarcasm, with either sex. This,**

along with my body structure and smiling nature, are confused for homosexuality, inevitably leading to rejection from all except homosexual males. It gets increasingly difficult to get up everyday, go to my workplace, and work around distracted and indifferent attitudes that seem more concerned about the work load, which in actuality will never change, than healthy relationships with their coworkers. Perhaps I am asking for too much from the modernized minds of those around me when I ask them what they think about the paranormal and if they've experienced any unusual things in their lifetime. Those are the things that keep this reality exciting, as they have no limitations, unlike the televisions and the drugs on which most are lured into dependency. Everyone needs that release from the normal routine, but very few are capable of releasing naturally with silence.

Maybe I have received all I am capable of getting from the mundane experience, and need to be surrounded by that which can open up more to me. No career or material possession can bring that.

I am writing to get an objective point of view from one further down the path than I, and to confirm what may be the next step to take, which I may already know. Your patience and wisdom in my past hastefulness and now, much needed advice is greatly appreciated.

With Peace and Love

C. M.

*Hello:*

*I would like information regarding joining your order. For ten years now I have walked a very lonely spiritual path and I am now drawn to seek a community to join and offer my energy and talents in service.*

*After reading closely the content of your website I find your teachings identical to those I have practiced for nearly a decade now. For these ten years I have worked for myself as a "jack of all trades" or "handyman", well versed in all construction including electric, plumbing, carpentry, heat and a/c and more. I have always followed the rule to read a little, meditate more and always think of God. I believe in hard work and meditation. Ten years ago after divorce I walked away from all material possessions and became more concerned with the proper cultivation of my heart rather than material rewards. For nearly a year I lived in a tent in the woods in solitude, meditating, reading and writing. I once was a career Navy Master Chief, a mental health therapist and presently have an online business that augments a realtime business, so I am very computer literate and worked for years as a master's level therapist. I play guitar and write poetry. I do not drink or do drugs. Please remember this is a very small business and all I have ever charged is that which is necessary to meet my daily needs. I have found this always keeps me in the now and I have never been without work in 10 years, even when living in a tent in the forest.*

*I hope this letter does not seem to "strange" but this is a junction I have*

*reached on my path and I know that I am being called to make a choice to be that which I am to be. Please provide me any information you may as I am most serious and find your order most interesting.*

*Thank you very much. If you care to see a wee bit of me and my talents please give the website a visit at one of the links at the end of this email.*

*very respectfully,

May peace and blessings be with Nazirmoreh always. I ask to please be forgiven for my lack of contact. I have not been living my own truth in any shape form or fashion so I do not wish to idly speak knowing that any wisdom or wise council will not be taken to heart and lived. I have spoken with Nazirmoreh only a handful of times and yet feel a very deep connection. No matter at what stage in my life I am in I wish there to exist a deep bond of respect in my heart for Nazirmoreh, and I will always humble myself with respect for Nazirmoreh.

Honestly & truthfully I feel disconnected from who i once was or was striving to become. I have recently consciously fell to lower regions of being. I did this because in my own heart I felt no connection to what i was striving to become. I have lost my path and am now experiencing tremendous pain. I wish to come and be with Nazirmoreh for a short while. I ask this partly for the selfish reason of relieving this pain that I am constantly experiencing but more to learn how to live balanced and wholistically.

We are One. All in All... Not male or female - We are not these bodies. We are the Divine Essence: the breath of life dwelling within physical, material vehicles while traveling in & on this particular plane of existence; mundane, physical, material world. We are all servants; servers in service.

**Received your transmission. Your call... concerning the being you spoke of – Luther Vandross. The Reverend is not familiar with him, does not know who he is, however the Reverend can say to you – that the teachings – the knowledge – the information concerning the here & now sayings, teachings, information has been in existence, transmitted since beginningless time. If you have received that information, the glimpse, that knowing / knowledge from being you spoke of, it is of value, it has been of value, it will continue to be of value for those who have heard and have understood.**

**Yes, it is a sign. It is an attraction. You get what you are – you get what you pay for. You receive, you attract according to your experiential need... the plane of consciousness you are traveling on.**

**Regarding your penis – I would advise, suggest, direct you to stick it in your ear – if you have the necessary ability or flexibility and direct your thoughts, your attention toward the art and practice of meditation... transcending the art of masturbation. It was of value at / during your time of need – your experiential need – but now you must put forth the effort to transcend and go into the degree that would be more conducive to your consciousness expansion and further spiritual development – beyond your sexual fixations, bodily desire needs.**

**Keep purple within your view... it is a color of the highest spiritual vibratory rate. It will assist to transcend this simple dimension – and enable you or assist you to view the cosmos; within the cosmos with a clearer vision; seeing the glimpses of your true spiritual essence. Beyond the body. Beyond the mind. Beyond the penis. Beyond the black. Beyond the male. Beyond female. We are on an infinite journey. Peace be with you our journeying being. We love you very much.**

**Weary Travelers,**

**Actually, this whole earth, involutionary, mundane, cyclic, experiential journey is full of weary travelers - some are millionaires, some have good jobs, homes, bank accounts, reputations, seen of men; in the public eye - with no place to run to and no place to hide... but to ascend into the realm of truth, light and love, wisdom, knowledge and understanding - beyond the mundane, physical, material, involutionary, cyclic, experiential need illusion - to the union with the Divine Essence, the Spiritual Essence of their true inner being / the inner being of all existence. We are one, weary travelers and are striving to ascend. Peace be with you weary travelers. We love you very much. Ascend. OM.**

**I called and spoke to some man who would not give me his name. He asked me to send whatever information i had about the Essene Wilderness monastery in Yellville Arkansas. That was why I called. To see if you-all knew anything about this group which are (presumably) your "neighbors". I finally got a response (last friday) to my e-mail which I sent 10 days b4 calling you purple robe people. Since you were rude to me I decided not to send the web site address you asked for. Now I am giving you the courtesy of this message. Thanks for nothin'**

Peace be with you M.,

The Being you spoke with has expressed that it is sad that you feel that way... that no offense or rudeness was intended. With the request of the information and the information given, that you might have, concerning the group you were seeking to find - all assistance would be given to help you locate that group or that group to reply to you. Due to the Being not being familiar with the group you were referring to, it was expressed to you in true sincerity that assistance would be given to you as could be with information received from you.

Peace be with you. Live in peace. All are very happy in truth that you have located the group you were seeking. In truth, in light, in love.

The Being expressed that the Beings' name was not necessary; to call with the information and all assistance would be given... The Being stated/expressed or tried to express that the Beings' name was not important, not necessary... that through you giving information, all assistance would be given that could be given with the necessary information. The Being apologizes for not being according to your acceptance or your approval. No offense intended. Peace be with you.

The Being gives thanks to you for conveying your thoughts, expressing your feelings and informing that the group sought has been located.

Again, peace be with you.

After Note: You must understand, we sing and we dance to the music of the spheres and all that are attuned to that music dance together in the collective effort...

The Divine within us salutes the Divine within you and all.

Peace be with you

OM

**Inquiry = Peaceful Greetings to you Rev Nazirmoreh:**

**I have been on a journey for the past several years and I'm currently with the Essene Church of Christ. I seek a path of continued learning. I have considered many roads and the Essene community is not in existence as of yet and have decided that the only path that will end in the spiritual journey I so desire, is that of a monastic one. I am ready to renounce all worldly gain and would like to consider your monestary as my place of learning. Could you please send information about requirements? I would appreciate that very much.**

Path of Mystic Enlightenment  
The Nazir Order of the Purple Veil  
Omniversal**

Many paths - One goal. Many names - ONE DIVINE CREATOR, Source of All That Is. Universal Consciousness. Highest Spiritual Evolution. Our Order is the Nazir Order of the Purple Veil. Purple is a color of the highest spiritual vibratory rate. This is the color of the age of enlightenment, the age of universal consciousness, the age which the world is now embarking on. Our beliefs, our way of life are founded in Truth. Truth which is beyond any one religion. Truth which is found in all religions. We align ourselves with That which Is.

What is our religion? - all of them. Where are we from? - everywhere. We strive to transcend all limitations. We offer you a glimpse of this truth... We are all from the same place, we are all from the same source. The Creator is our father and mother, the universe - cosmos is our home. We limit our consciousness and understanding when we do not take our birthright, as Beings of the Divine Essence of All That Is, Was and Ever Shall Be. Our consciousness narrows when we crystallize ourselves in the consciousness of being from a country, a state, a city, a street, a house, a spot and so on. *We are not these bodies.* We expand our consciousness and our understanding when we align with the higher Truths of Being.

In our quest for spiritual attainment, we harmonize the physical, mental and spiritual aspects of our being - to bring it into "at-one-ment". We live a simple, monastic, community life. We reside at our monastery; Nahziryah Monastic Community, Retreat for Meditation and Holistic Living, where we do organic gardening to help sustain the Community's dietary needs. We work hard, study, meditate and our diet is vegetarian-vegan (non-dairy). To support the Community and the effort toward consciousness expansion and further spiritual development throughout all existence, - in truth, in light, in love, wisdom, knowledge and understanding, (may peace prevail on earth as in heaven), we make and sell art crafts, as well as metaphysical/esoteric, spiritual literature of all faiths, recordings and meditation supplies. An initiate of the Nazir Order of the Purple Veil wears all purple monastic garments at all times, and all live-in members of Nahziryah Monastic Community; brothers and sisters, dress uniformly - according to like gender. You will find live-in members of Nahziryah Monastic Community and our Order very seldom travel alone, never engaging in frivolous talk. We are reclusive.

A true member of Nahziryah Monastic Community and the Nazir Order of the Purple Veil, will first, foremost and always proclaim Nazirmoreh (All Blessings and Respect Due) as his or her Spiritual Teacher and Guide. Nazirmoreh (A.B.R.D.) nurtures us in a spiritual and universal love for all beings; for all are fellow travelers on the spiritual journey. With an open heart and far reaching vision, Nazirmoreh (A.B.R.D.) guides the Nazir children of light onward and upward - to embrace the All in All. Who are *these* children of light? Those who would choose, those who hear the call and have come to give their All...BEHOLD THE ONE IN ALL.

In Truth, In Light, In Love
